

Circular Swansea

Cross-disciplinary Symposium

14th May 2025
Bay campus

Research Institute Event

Swansea Circular Economy Symposium

14th May 2025 10:00 to 15:00

Robert Recorde Room, Computational Foundry, Bay Campus.

This symposium aims to:

- Bring together individuals from all faculties engaged in circular economy research and innovation.
- Showcase CE Research at SU and gain insights from external speakers, including representatives from UKRI and the Welsh Government.
- Foster collaboration and dialogue on the role of circular economy as a cross-cutting approach to sustainability and a focus of future research.
